REFLECTIONS

Driving down the highway of
Existence I yield to the upcoming exits;
One leads to the past,
The second my future,
And then last to the present.
I draw closer to these exits at a rapid speed,
Unable to stop and look at direction
The past is beautiful, but I would never stay forever,
The future is unknown, filled with darkness and uncertainty,
And the present is monotonous with boring predictability
I am afraid to turn down each exit, but am forced to,

And so I choose the present for its safety,
But if I ever come to these exits again,
It might be nice to see my past
And venture into my future.

SENIORS

We spent a few years
and are told the memories
will last a lifetime.
Looking back, I see
the eager, young expectations
and now I've some experience,
survived with a few scars,
earned a few friends,
said adieu to others.
The future will change
us even more.
Looking back,
it was not all bad,
and now it is time to look ahead,
Opportunity awaits.
Say goodbye to the past;
look forward to our futures.
We'll learn a little more
and gain some wisdom.
Look ahead to the future.
That is what we've worked for.

Where did they go?

Cross Country

There has never been a team with such a great turnaround that has had so much fun. Both teams ended the season with a record of 7-3: what an improvement! Never forget: raptor in the night, psychic charades, candy and cookies on the bus, stuck after the League Meet, Halloween party, chicken pot pie, Skittles, D.C.'s outfit, R&R, sweats and hats and gloves, denergizing, Bertucci's, spasms, running in the rain, and fully attended work outs at 7 am. Thanks for these and all the other great memories; we'll miss you ALL. Good luck next year and the seasons to come.

Your captains,

Johanna, Yosh, and David

After dedicating our summer to lifting and conditioning, everyone could feel big things in the air. Our 5-0 start was the best in several years; the win over Wellesley was the biggest in a long time.

Our coaching staff has done wonders to help us get to where we are now — still in contention for the BSL championship, and possibly the Super Bowl. Thanks to the cheerleaders who kept our spirits alive, and a huge thanks to our parents and ourfans for your support and attendance at our games.

Special thanks to Coach Robert Hennessy and Evan Kesner, for your love and devotion. Thanks again to: "Be a Football Player" Cutting, Coach Regan and his "dawgs", Coach "Reps People Reps" Paquette, and to everyone on staff who helped bring BHS Football back to where it should be — on top.

P.S. Remember to wait until Steve's not looking to play the mat game!

First of all, we got our new spring floor and it's finally ready after spending hours carrying the wood, stapling the velcro and inhaling liquid glue fumes. Could those fumes have anything to do with our psychotic bus rides (pigging out, playing Encore — yes, "Hey, hey, you, get off of my cloud" *is* a song — and cheering "flip, get down" for the people at the gas station)? Actually, it's probably due to our frozen brain cells — sure, 54 degrees is a great temperature for gymnastics. Maybe next year you'll get a nun who can do the pommel horse for an assistant coach, or, even better, Monty (well, just as a mascot). So keep selling that candy and remember our secret weapon that even Karen doesn't know about. MOD! And I will be back next year to watch you beat Newton and to make sure the scraped-up bar is the high bar.

"WE ARE CHEERLEADERS!"

I can't believe how fast the season came and went, but it was the cheerleaders who made it that way, especially the three Seniors Jen T, Jen P and Fawne. Good Luck to the returning cheerleaders and hockey players next year! And a special Thank You to Mrs. C for taking good care of us and making us laugh. PS Thanks for the memories! — Love Sharon

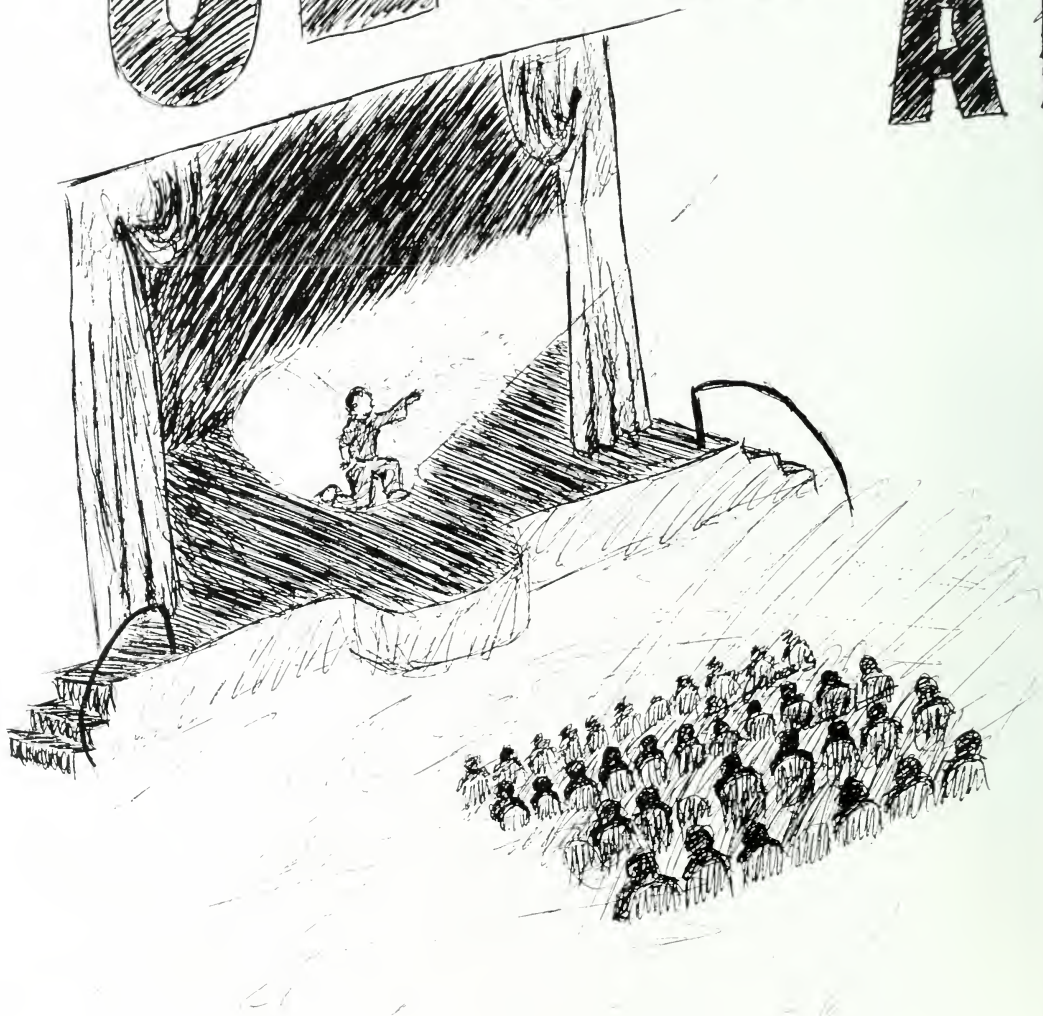
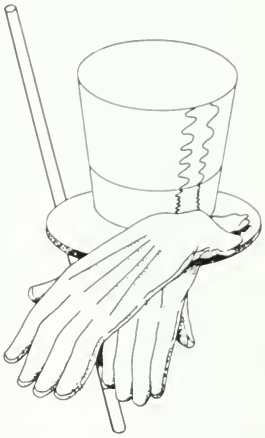
CLUBS



EVENTS

ASIAN CULTURE CLUB

Asian Culture Club is a representation of the diversity of the Asian community at Brookline High School. Our activities each year are dictated by the wishes of the entire club. Activities in the past have been bake sales, candy selling, and other fund raising activities which led to dances, club outings, to places such as Riverside park, dining out, and ice skating. For people interested meetings are Thursdays X-block, in room 206.



ASIAN STUDENTS OF BROOKLINE CLUB

The ideal focus for this club is to strengthen the Asian community. We want everyone to understand and learn about the Asian Culture. The club not only consists of Asians members, but also contains people of other backgrounds. The members raise money so that they go on trips, have dinners, parties, etc. We do this by selling candies and having bake sales. There is always a big end of the year surprise for the club members. Most importantly, we hope everyone will enjoy the activities. We're a club as a whole, but we're also all friends and big supporter for one another.

BADMINTON CLUB

BICYCLING CLUB

GAELIC SPORTS ASSOCIATION

The Gaelic Sports Association or Caber Toss Club, is dedicated to the revival traditional Scottish sports. The centuries old-game of caber-tossing has brought enjoyment to millions worldwide, and the GSA brings it to Brookline. The exhilaration of lofting a 14-foot log into the air, the feel of the kilt on your bare legs, are things that should be enjoyed by all. Our three caber sizes (wee, not-so-wee, and friggin huge) allow anyone to participate. Remember the GSA: you don't have to be Gaelic to go.

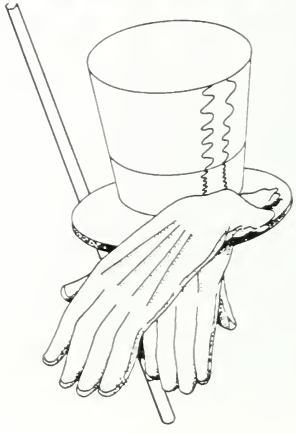
SCIENCE TEAM

We are in the West Suburban Science League. There are monthly meets at the different high schools that are part of the WSSL. There are 3 events in each meet. We prepare for the meets during X-blocks and afterschool in room 366. For example on the November 10th meet at Burlington High School, one of the events was to build a racer powered solely by a mousetrap.

SPANISH CLUB

If you are interested in cultures of Latin American countries, the only answer for you is Spanish Club. Spanish Club seeks to provide opportunity for students who do not take Spanish, or take Spanish and are fascinated by the Spanish-speaking countries to learn more and experience the culture. The club sees movies, takes trips to the restaurants, and sometimes we even try to cook our food. Our activities also include writing to pen pals. Students join us and give us other interesting ideas.



STRATEGIC GAMES CLUB

A group of 40-50 insane freshmen and sophomores led by a small, self-centered, elite group of dictorial upper classmen, the SGC defines the alternative social hierarchy of BHS. We're the loud, obnoxious ones who stalk you in the darkness. We're the few, the proud, the quirky.

MEDIATION PROGRAM

SENIORS

To make the process work there are a few simple rules.
1. Mediation is voluntary.
2. Everything said during meeting is confidential. What is said in the rooms stays in the room.
3. In Mediation, students take turns talking and no one can interrupt.
4. The student mediators do not take sides.

Why try Mediation?
1. Conflicts that do not get resolved often end in fights, which could result in suspension.
2. Conflicts that do not get resolved often result in hurt feelings, which can cause you to lose friends.
3. You will learn to choose a peaceful, responsible way to solve your own problems.
4. Student mediators do not take sides.

Having a conflict? Try Mediation. Mediation is a chance for you to sit face to face and talk uninterrupted, so each side of the dispute is heard, later the problem is defined, solutions are created and then evaluated. When an agreement is reached, it is written and signed.
What is a student mediator? A student mediator is one of your peers who has been trained to conduct the meeting. A team of two student mediators makes sure the mediation session is helpful and fair. There are 28 student mediators and 5 staff mediators at BHS.

If you are a Sophomore, you can apply to take a 20 hour course to become a mediator. The training is held each April. Watch out for notices in homeroom.

The Community Service Program (BCSC) is a student-directed service program which placed Brookline High School students as volunteers in about 40 non-profit agencies throughout the Brookline/Boston area. Students work in a variety of settings. Among these are hospitals, shelters, food banks, museums, low income housing projects, nursing homes, mental health centers, children's centers, and elementary school programs. They are provided with between 50-150 hours of student volunteer service.

The program seeks to give high school students an opportunity to learn and develop through organized hands-on experiences. Reflection about the volunteers' service is stressed in group discussions developing a sense of caring for others in real life situations. The goal is to extend the students' learning beyond the classroom and into the community. The leaders ask for perseverance of those who join. Those who stick with it often find their experience more then compensate for their effort.

Conspirators Discovered!

AMY R. ANTHONY

Last week the Amaranth Crack Hidden-Camera Squad caught a secret photo of this motley band rumored to be the Editors of the Amaranth. The authorities who apprehended them were quoted as saying "They meet every Thursday X-Block in Room 267. I'm surprised it took us this long to find them."

"It was almost too easy." Melvin Butafuoco, the leader of the Crack Hidden Camera Squad said, "they were just sitting there smiling...it's like they were expecting us." The Amaranth editors were too busy looking beautiful to comment–except for one. One Amaranth Editor who wished to remain anonymous agreed to come forward. We will call him Mr. Green.

When asked how the Amaranth felt about doing a shameless self-promoting plug in the yearbook, Jason...er...Mr. Green said: "I dunno, it's pretty cool, I guess." When asked how he felt about life in general, he said: "I dunno, it's pretty cool, I guess." Alan Dershowitz who has absolutely nothing to do with this article would not comment.

The Amaranth will face the Grand Brookline Tribunal in upcoming weeks. The editors commented that they plan to plead insanity and to bring a big shiny apple to the judges.

In the meantime, the school has called upon the Alpha Elite Squad to impose martial law.

The rest of this article is intended to fill space. Thank U

F.D.A. says Amaranth is Good for you

HUNK A. BALONEY

A recent Federal Food and Drug Administration report cites that reading the Amaranth is actually beneficial to your health. In the subjects tested, 88% of humans and 57% of laboratory animals showed signs of increased perkiness and brain activity also becoming resistant to several strains of cafeteria pizza. Conversely 90% of subjects reading competition newspapers grew tumors.

Furthermore, besides providing accurate and relevant news, sports, opinions and features, the the Amaranth is also an important source of fiber. Readers are recommended to make the Ranth a part of their regular diet. According to the F.D.A. report, one issue (2 servings) of the Amaranth provides 87% of the daily recommended fiber intake for an average adult.

The Amaranth is also virtually fat-free as it contains no animal by-products. The Editors of the 'Ranth have always stood by their commitment to make sure that there are no bison, no boars and no bulls in their issue.

[Editors Note: After eating a copy of the Amaranth, always wait 30-45 minutes before swimming, driving or operating heavy machinery.]

Next Karate Ku ions

By Kara Doherty
Sagamore Contributor

I really had low expectations for "The Next Karate Kid." In fact, my expectations were so low that I thought that I couldn't be disappointed; I was wrong. I went to see the movie with my sister, who also went to Brookline High, while I was in France this summer. We thought that
see our school and people who I knew. It was
school on the big screen, but once the novelty wore
movie began to drag.

The plot centers around 17-year-old Julie Pierce, played by actress Hilary Swank. Julie's parents are dead and she is living with her grandmother. Julie and her grandmother can't seem to see eye-to-eye about anything. In addition to problems at home, Julie is having problems at school. She is being harassed by a group of boys of boys in her school and she is having trouble getting her work done.

Mr. Miyagi, played by Noriyuki "Pat" Morita, is an old friend of Julie's grandfather and he offers to let Julie's grandmother relax in his California home while he stays with Julie.

Miyagi sees that Julie is keeping her anger pent up inside and encourages her to express it. He tries to be a father figure to Julie and she eventually starts to admire him and appreciate his friendship. Mr. Miyagi takes Julie to a Buddhist monastery, where he helps her with her karate. At the monastery, Julie learns to stand up for herself and come to terms with her parents' deaths.

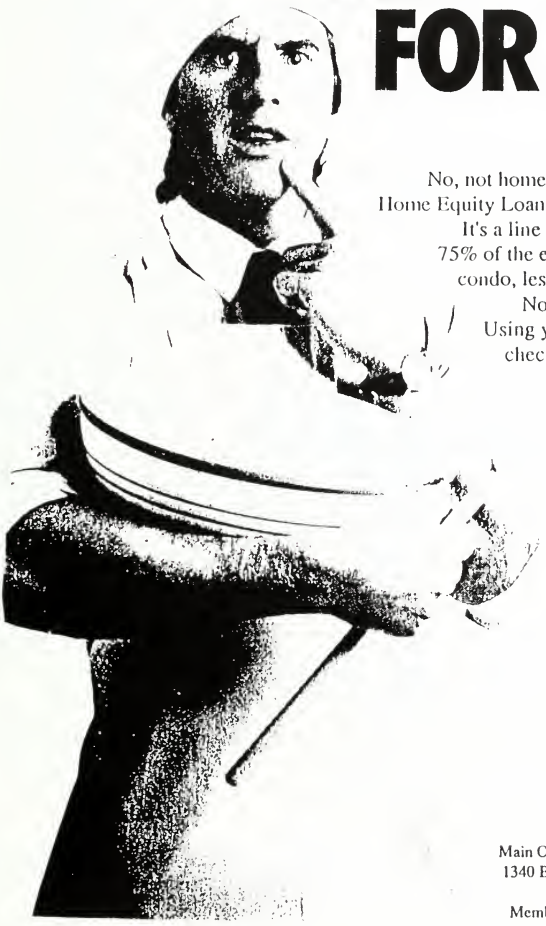
HOW A COURSE IN HOME EC CAN HELP YOU PAY FOR COLLEGE.



No, not home economics. Brookline Savings Bank's Home Equity Loan.

It's a line of credit that lets you borrow as much as 75% of the equity in your owner-occupied house or condo, less the first mortgage.

Now it's easy to meet those big college bills. Using your line of credit is as simple as writing a check. And, it may be tax deductible.

Because a Home Equity Loan is secured by the equity in your home, the rate is only 1 1/2 points above the prime rate published in the *Wall Street Journal*.

Take a quick course in home equity at any Brookline Savings branch today. Our customer service reps have all the facts. And all qualified home-owners are sure to pass.
